

Euro Garages

The Challenge

Euro Garages is one of the UK's largest privately owned forecourt operations, with an expanding portfolio. The firm owns 180 sites, which include brand partnership with BP, Esso, Shell, Spar, Starbucks, Subway, Greggs and Burger King.

The Solution

Euro Garages required a lighting partner to provide lighting for all areas of its sites. This included forecourt lighting, service lighting and retail lighting. Our extensive range of luminaires meant Euro Garages needed only one supplier for all of its lighting.

The Results -Newton

Changing a number of Euro Garages' inefficient CDMT lamps to Allied LED Scoop and Track Light made huge savings. We also massively reduced maintenance costs by changing to LED.

Services Used

- Consultancy and Strategy** - We surveyed the site to propose a retro-fit energy-saving solution.
- Lighting Report and Visual Design** - We provided a full lighting design, reducing the number of luminaires on site.
- Finance Modelling** - Allied provided finance through the Carbon Trust
- Luminaire Supply** - We supplied all the luminaires for the site, including the Scoop, Track Light and High-Powered Downlights.
- Install and Recycle** - Allied worked alongside Euro Garages' installation team.
- Lighting Maintenance and Warranty** - As with all Allied products, the customer received peace of mind with our five-year product warranty.

Customer Feedback

"We researched the market fully before using Allied and have had some samples from many other leading brand LED suppliers. We found that Allied offered an extensive range of LED, with the highest quality"
